Education

Veer Bahadur Singh purvanchal University Bachelor of Computer applications (GPA: 3.20 / 4.00)
Bachelor of Computer applications (GPA: 3.20 / 4.00) *jaunpur, Uttar Pradesh*
• **Relevant Coursework:** Programming in C,C++ Java, Python, Data Structures, DBMS, Web Development, Computer Networks, Operating Systems, Software Engineering, AI & Machine Learning.

Experience

Hummingbyte technology privet limited Software Engineer Intern
Software Engineer Intern *Remote*
• Developed responsive web applications using HTML, CSS, JavaScript, and React.
• Built RESTful APIs using Spring Boot and integrated them with frontend applications.
• Implemented database operations using MySQL for efficient data management.
• Used Git and GitHub for version control and collaborative development.
• Applied software development best practices, including debugging, testing, and code optimization.

Projects

RD System | *Java, Spring Boot, MySQL, REST API* 2
• Developed a Recurring Deposit (RD) management system for tracking customer deposits and maturity details.
• Implemented secure CRUD operations and customer account management features.
• Designed RESTful APIs using Spring Boot and integrated MySQL database.
• Optimized data retrieval and transaction processing for improved performance.

Expense Tracker App | *React.js, Spring Boot, MySQL, Bootstrap* 2
• Built an expense tracking application to manage daily income and expenses.
• Implemented expense categorization, budgeting, and financial reporting features.
• Developed responsive user interfaces using React.js and Bootstrap.
• Integrated backend APIs and database management using Spring Boot and MySQL.

Real-Time Weather Application | *React.js, Spring Boot, Weather API, Tailwind CSS* 2
• Developed a real-time weather application with live weather updates and location-based forecasting.
• Integrated Weather API to provide current weather conditions and 7-day forecasts.
• Designed a responsive user interface with dark mode and mobile-friendly layouts.
• Implemented API handling, error management, and performance optimization techniques.

Personal Portfolio Website | *HTML, CSS, JavaScript, React.js, GitHub* 2
• Designed and developed a professional portfolio website to showcase projects, skills, and achievements.
• Created responsive layouts compatible with desktop, tablet, and mobile devices.
• Integrated project showcase, contact information, and GitHub profile sections.
• Deployed and maintained the website using GitHub and modern web development practices.

Technical Skills

Languages: Java, Python, JavaScript, HTML5, CSS3, SQL
Frontend: React.js, HTML, CSS, JavaScript, Bootstrap, Tailwind CSS
Backend: Spring Boot, Node.js, REST APIs
Database: MySQL
Tools: Git, GitHub, VS Code, Postman
Concepts: Data Structures, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks, Software Engineering, Agile Methodology

Certificates

- Java Full Stack Developer Certification
- MERN Full Stack Developer Certification
- Python Programming Certification
